WARNING

To reduce the risk of fire or electric shock, do not expose this device to rain or moisture. Do not expose this equipment to dripping or splashing and ensure that no objects filled with liquids are placed on the equipment.

- **CAUTION:** To reduce the risk of electric shock, do not remove any cover. No user serviceable parts inside. Refer servicing to qualified service personnel.

The lightning bolt triangle is used to alert the user of the existence of dangerous voltage that can cause an electric shock.

The exclamation mark inside a triangle is used to alert the user of the existence of important operating or maintenance instructions.

CAUTION

To avoid an electric shock, do not use this polarized plug with an extension cord, receptacle or other outlet unless the plug's blades completely fit into the outlet.

WAVE 15

MAKE YOURSELF HEARD!

The WAVE 15 is the ultimate portable audio system. LED lights effects brings amazing shine to your party and wireless streaming allows you to control the party from your smartphone. Take the control with WAVE 15

FEATURES

- Portable audio system
- It works with rechargeable battery
- Woofer 15"
- LED screen
- Includes microphone
- Microphone input
- AUX Line input (3.5mm)
- Compact system for easy and comfortable transport

TECHNICAL SPECIFICATIONS

RMS Power	700W
Frequency response:	35Hz – 20KHz
S/N ratio	>80dB
Sensibility	90dB
Woofer	15"
Wired Mic	Included
Power input	DC 9V 2A
Battery	2600mAh
Battery Life (depending on the use)	6Hs

Specifications subject to change without notice
